

GREECE STILL REFUSES TO SIGN

Wants 24 Hours to Consider Terms of Armistice; Bulgaria Signs Under Pressure

PEACE TERMS WILL BE DECIDED IN LONDON, DEC. 13

Envoys to Meet There; Balkan States' Loss in Men and Money is Great

LONDON, Dec. 4.—Official confirmation of the signing of the armistice by the Balkan allies and Turkey has been received from Sofia. The Greek representative refused to sign. The envoys will meet here on December 13 to arrange the peace terms.

VIENNA, Dec. 4.—Members of the triple entente are reported to have brought pressure to bear on Bulgaria to compel the signing of the armistice, although Greece refused. Diplomats predict that if Greece does not sign, Roumania will take her place in the Balkan league.

Greece Asks Time
SOFIA, Dec. 4.—Greece did not officially reject the armistice, but demanded an additional twenty-four hours to consider, according to an official announcement. She may yet sign and participate in the peace deliberations in London.

The Bulgarian populace is awaiting the government's expected publication of the list of dead and wounded throughout the war. According to the latest available estimates furnished by competent authorities, the casualty list of the Balkan war up to the present time stands as follows:

Turkey—Killed, 20,000; wounded, 100,000.
Bulgaria—Killed, 10,000; wounded, 40,000.
Serbia—Killed, 3500; wounded, 15,500.
Montenegro—Killed, 800; wounded, 5000.
Greece—Killed, 300; wounded, 2200.
Total killed, 34,600; total wounded, 162,700.

Above the cost of maintaining their usual military establishment it is estimated that the warring states have spent \$150,000,000 on the struggle, not counting injury to trade, the destruction of property or the loss of services of the killed and maimed.

Thousands Unburied
CONSTANZA, Dec. 4.—Twelve thousand unburied corpses lie on the battlefields of Kumanova and Monastir, according to authoritative information. The frozen ground makes interment impossible. Portable crematories are being sent to the scene.

Servia Conciliatory
BELGRADE, Dec. 4.—The government organ Pravda prints a conciliatory article denying that Servia insists upon a section through Albanian territory to an Adriatic port. It concludes by saying that while convinced Albania's independence is contrary to Servia's interest, Servia is willing to accept the powers' decision or refer the matter to The Hague.

IT WILL TAKE COURT ORDER

SACRAMENTO, Dec. 4.—To guard against possible fraud, Secretary of State Jordan has emphatically declared that he will permit no changes in the body of county election returns by amended certification unless the county clerk and supervisors of the counties in question, with the court and contending parties, assent. This rule will prevent the subtraction of five votes from the Democratic electors in Alameda county, because of an alleged mistake, and deny certain changes demanded in San Francisco and Orange counties, except on court orders.

With all figures official save those from Los Angeles the showing is: Wallace, 283,651; Griffin, 283,436.

City Charter Defeated in Los Angeles

LOS ANGELES, Dec. 4.—The voters of this city defeated the proposed city charter by a vote of more than two to one, in a special election. The vote on the proposed charter stood 15,844 for and 35,510 against.

The adoption of the anti-free lunch ordinance was advised against by a vote of 15,277 for to 32,324 against.

The straw advisory vote taken in San Pedro and Wilmington Harbor district as to whether the harbor zone should be "dry" or "wet" resulted in a victory for the "wets," the vote standing 952 to 1204 against a dry zone.

The opposition to the charter was based principally on the alleged concentration of power it would give, and the possible increase of taxes under a new system of government. The liquor element voted against it.

In Los Angeles less than one-third of the registered vote was cast.

TWINES LECTURE AROUND THE MISSION

McDannald in Chicago Preaching About Many Virtues of Orange County

BIG CROWDS VISIT THE BIG LAND SHOW

California Exhibit Takes First Place—Art Shown in the Arrangement

COLISEUM, CHICAGO, ILL., Nov. 30.

This is the eighth day of the Land Show and the interest has not waned one iota. I made inquiry at the ticket office this morning and they told me the average for the seven days already gone into history—there had been over 85,000 paid admissions. Besides this there were perhaps 5000 "comps."

California Day was the banner day, so far. In Chicago, as in every other place in the civilized world, "California" is a magic word, and every one who has been there or thinks of going is a booster.

I have been featuring my lectures with a brief history of the missions, using the San Juan Capistrano mission as a "frontispiece." It being typical of all the other missions of California. It is proving a wonderful drawing card. There is not a lecture room in the building large enough to hold the crowds who are anxious to hear the story of the old adobe walls, fast crumbling to decay by the ravaging hand of time. They listen with rapt attention to the life history of Father Junipero Serra, teacher of things divine. They marvel at the influence of the rosary, and the cloister on the minds of the gullest Neophytes. There is no more suitable setting to a description of Orange county's boundless opportunities than a brief illustrated history of the missions. Some of the lecture halls are hard to talk in on account of the outside noise, and I notice a rather uncomfortable feeling in my throat this morning. I talked three times yesterday and three times the day before. I don't know yet how many times I am booked for today, but it's likely as many as I can stand.

As might be expected, Southern California has the most beautiful and attractive booth in the building. There is not much attempt at artistic display in any of the other exhibits. A few have more space than others, but their stuff is just piled up like second-hand goods in a "junk" store. Too much praise cannot be given Charlie Wilson for his painstaking skill and taste for the beautiful, the harmonious effect and the unique features he works into his installation. No one else attempted it, even in a modest way.

Others display their apples in boxes just as they are temptingly put before the would-be purchaser in the fruit stores, and differ not at all from hundreds of similar exhibits seen along the streets. Mr. Wilson displays them in tastefully colored baskets, tilted in a way to make them appear as if they were just about to topple over. The burden of his method of installation is "harmony." The length and breadth of the exhibit is in harmony. The coloring, both in the fruit and in the artificial touches, you will not detect one little discord in the blended effect of color design. And these little things have much to do with making California a synonym for an earthly paradise.

Nearly every state in the Union is now represented. "O. Ragan" got in yesterday. They had an exhibit at St. Paul. Mr. and Mrs. Frettag with the Hood river exhibit, are old time friends of mine, and I've already had one very pleasant visit with them. This is West Virginia day, and if they don't open a few hundred barrels of apples, they will, at any rate, open a bag of nails, and give the visitors something edible to remember them by.

As, from time to time, duty detects an opening in the strenuous round of duty, I will write of passing events, sufficient at least, to let you know which side of this great revolving orb I may be located at regular intervals.

Yours truly,
D. W. McDANNALD.

CLYDE CHANNEL MUST BE WIDENED TO FLOAT BIG SHIP

LONDON, Dec. 4.—The main channel of the Clyde, it is announced, will have to be widened and deepened before the new Cunard liner Aquitania, one of the largest steamers, practically equal in size to the Olympic and the lost Titanic, can leave for the open sea. The liner is of 45,000 tons.

REVOLUTION IS ONCE AGAIN BREWING

Reported Revolt for Elevation of Magon to Presidency of Mexico Seems Sure

MEXICO CITY ADVICES CONFIRM FIRST REPORT

Mexico Sending Agent to U. S. to Protest Over Sending of Cruisers to Vera Cruz

NEW ORLEANS, Dec. 4.—United Press dispatches received recently from Douglas, Ariz., to the effect that Mexican officials there believe they have discovered another revolution brewing, with the object of elevating Jesus Flores Magon to the presidency, were apparently confirmed today by Mexico City dispatches that private

advises to the capital say that the Zapatistas in the south, and the Salazaristas in the north, have secretly agreed to support Magon.

MEXICO ALARMED OVER U. S. SENDING SHIPS TO VERA CRUZ

MEXICO CITY, Dec. 4.—Secretary of State Lascruain will leave for Washington this evening. His unexpected and hurried departure is declared by the newspapers to be for the purpose of dissuading the United States from sending four cruisers to Vera Cruz with implied intervention for the purpose of collecting the damages inflicted upon Americans during the revolution.

It can be readily seen that intervention would detract seriously from the prestige of the Madero administration and might be an incentive to the insurgents to renew their activities so as to force the United States to even more drastic measures than merely implied intervention.

LOAD LUMBER WAS STOLEN

Former City Trustee is Loser of Material Bought for Building Barn

At West Orange Monday night some one drove on to R. J. Thompson's land and stole a pile of lumber and shingles, worth \$40 or \$50. Thompson, former city trustee of Santa Ana, has a ranch in the Dawn Land Company's tract, adjoining the county poor farm. He concluded to build a house and barn on his place, and the lumber for the barn was bought and delivered.

Yesterday Thompson discovered that his lumber had either been stolen or had picked itself up and disappeared. Thompson leans to the former theory.

The property stolen is twenty bunches of shingles, thirty-two pieces of pine fourteen feet long, 1x12; thirty pieces 1x3, and 322 feet of matched flooring.

18-FOOT DEPTH WAS FAVORED

NEWPORT BEACH, Dec. 4.—At a meeting held yesterday with Lieutenant Colonel McKinstry of the U. S. engineers, the general sentiment expressed by those present was in favor of a channel eighteen feet deep over the bar at low tide. It was stated that with jetties, this channel would be scoured possibly even deeper.

Newport Beach people have been talking of a bond issue of \$100,000 for the purpose of building a jetty. The people here are firm in their belief that when the improvement is commenced, the government will "help those who help themselves."

BANKING SYSTEM IS BREEDER OF PANICS

So Says McVeagh--Favors Bank Reserves And Central Agency--House Hears Budget Report

WASHINGTON, Dec. 4.—Asserting the country is in danger of a panic as long as the present banking and currency system is unchanged, Secretary of the Treasury Mac Veagh in his annual report sent to Congress today, urges the adoption of a protective system. He says the present system not only does not prevent a panic but makes a panic inevitable when a certain point is reached.

The secretary says the locking up of large sums in treasury vaults is unscientific and unreasonable. He advocates a change providing for trustworthy bank reserves including

the permanent organization of a central agency representing and acting for, co-operative banks.

APPROPRIATIONS REPORT IS MADE BY COMMITTEE

Carrying \$1,000,000 less than Secretary of the Treasury Mac Veagh's recommendation, the executive, legislative and judicial appropriations bill was reported today by the House Appropriations Committee. The bill calls for appropriations of thirty-four millions.

The President's salary remains at \$75,000, and that of his secretary at \$6000. The committee eliminated the provision that future ex-presidents be made congressmen-at-large on a salary of \$17,500. No appropriation was made for the commerce court nor the Carson mint.

The bill provides that hereafter congressmen will each be allowed \$125 monthly for a secretary, the clerk of the House paying the secretaries salaries directly to them.

SOLDIERS HOME TO UNDERGO CHANGE

Radical Reforms Suggested by Senators Now Making Probe of Conditions

SOLDIERS HOME, Dec. 4.—Promises of greatly improved conditions in the National Soldiers' Home, no matter what result the investigation may show in congress, were written into the record yesterday by the Senate committee.

Colonel James E. Miller, inspector general, representative of the national board of managers, approved practically all of the recommendations made by the senators and in some instances took the initiative and issued instructions to the local officers in the presence of the committee for improvements.

Colonel T. J. Cochrane, governor of the Home, in the main agreed with the inspector general.

Improvements to Be Made

The recommendations for improvements are: The service of sugar and milk on the tables of the main mess hall so that members can season their coffee to suit themselves; improvement in the strength of the coffee service of water in the dining hall; permission to immediate family relatives to visit members in barracks.

Senator Jones read the federal statute requiring that all officers of the home shall be veterans. It was shown that several of the local staff have not seen war service.

Surgeon B. F. Hayden of the Home testifying today before the senatorial investigation into conditions there, declared that his official duties bring him into close contact with all life at the home, and says that while the cooking is not up to the standard of other homes, the meat diet is sufficient, although more vegetables might be used. He said the majority of cases of illness could be attributed to the haste with which the veterans eat instead of to the food itself.

REPORTS OF JAMAICA STORM NOW COMING IN

KINGSTON, Jamaica, Dec. 4.—Belated reports from the storm swept seas in this section on Sunday and Monday are coming in. Many fishing vessels are known to have been lost and it is believed many lives were lost. The crops in Jamaica are badly damaged. Thousands of dollars of damage was done at Kingston and other towns. The wireless is trying to locate the many coast steamers that have not reported since the storm. Many fishing craft are missing.

Sample of "Progressive" Administration Economy

SACRAMENTO, Dec. 4.—The annual report of the state treasurer was printed at the state printing office this year for \$4.13 a page. Two years ago under Shannon's administration the report of the treasurer cost \$7.02 a page. This shows a reduction of 41 per cent. and is a sample of the reduction in the cost of printing under the management of State Printer Friend W. Richardson. The report this year contains 124 pages and cost \$513.10. At the old rate it would have cost \$870.48. The new price means a saving of \$357.38 on this one job.

THE PEACE OF EUROPE IS SHAKY

Ominous War Clouds Hovering Over Austria and Russia Today

CZAR IS DENOUNCING THE TACTICS OF AUSTRIA

Rumors of Clashes Between the Troops of the Two Nations—Servia's Call to Colors

LONDON, Dec. 4.—Just as official confirmation is given of the signing of an armistice by Turkey and the Balkan allies has reached the world, dispatches come tending to confirm the fears of the diplomats that war clouds are actually lowering over Austria and Russia. It is believed that an ambassadorial conference alone can prevent hostilities, as extremists in both countries are issuing inflammatory literature.

Russian officials openly stated today that the Czar will not permit a repetition of the tactics whereby Austria seized Bosnia and Herzegovina. Russia is also indignant at the German chancellor's "jingo" speech before the Reichstag. Novoe Vremya, a leading Russian newspaper says:

"Such intimations as were voiced by Germany's chancellor are repeated in none. History is repeating itself, but it is not so easy now to force Russian diplomacy into a faint-hearted resistance."

It is generally believed the relations between Russia and Austria are so strained that any untoward incident on the part of Servia will set the Austrian army in motion with the result of immediately loosening the Russian forces. This would be certain to result in a general war, the experts say. Diplomats here admit that many conferences are being held and others are scheduled. The popular belief among the informed is that the peace of Europe depends altogether on the terms offered at the Turkish-Balkan meeting here on December 13. If the following week is survived, it is believed peace may be maintained.

REPORTS OF RUSSIAN AND AUSTRIAN CLASHES HEARD

13 LOS ANGELES NATIONAL BANKS BULGE WITH CASH

LOS ANGELES, Dec. 4.—Los Angeles' thirteen national banks are bulging with money. They have reached the highest pinnacle of finance with deposits that reached \$71,027,596 November 26, when the comptroller of the currency called for the statement of their business.

The money thermometer went up with a bang, for that amount is the highest record made in the city, the next largest record being made last April, when the deposits took a flying leap to \$69,870,237.

Several Records Made

In financial circles several new high records have been made this year, clearings having exceeded \$1,000,000,000. The last call on the banks for reports was made September 4 and the comparison of deposits of that date and deposits of the present, show what might be termed an increase of \$7,242,957.

A Wonderful Sale of Pianos and Player Pianos

BIGGEST VALUES EVER OFFERED IN ORANGE COUNTY

Geo. J. Birkel Co. Takes Lease and Buys Stock of Schall Music House

This Sale is now drawing to a close and as we are getting to a point where our stock is getting low and can never duplicate a piano at these prices, you had better hurry and select your instrument at once. Every instrument absolutely new and warranted for ten Years.

Selling out his business was a real sacrifice to Mr. Schall. Sickness in his family compelled him to make the move. What he has to say in the matter you can read below. Certainly his letter attests to the genuineness of this sale, and the reasons which compelled him to make this sacrifice.

READ MR. SCHALL'S LETTER

Santa Ana, Cal., Nov. 13, 1912.

Geo. J. Birkel Co., Los Angeles, Cal.
Gentlemen:—After careful consideration I have concluded to accept your offer to purchase my entire stock of Pianos, Player Pianos, Player Music, Stools, Benches and Scarfs. It is, of course, a great disappointment to myself and family that we cannot carry out our plans, establishing a business here, but sickness in my family makes it absolutely necessary for me to return at once to Minnesota. It is for this reason only that I am compelled to accept your offer and act quickly—I personally selected every one of these Pianos and Player Pianos, have sold them for years in my eastern home, know how well they wear and give musical satisfaction—and in turning these instruments over to you, I wish to express my thanks for your prompt action in assisting me to hurriedly adjust my affairs and to recommend these instruments and your very excellent concern to any who may be thinking of buying a real musical instrument.

Respectfully,
(Signed) SCHALL MUSIC HOUSE.

The Wild Animal Show Day Will Soon Be Here

Al G. Barnes' Big Three Ring Wild Animal Circus will give two performances in Santa Ana on Friday, December 6. The coming of this show is eliciting a great deal of interest and enthusiasm, not only with the little ones but the grown ups too.

Stamped by the public, press and pulpit as the grandest and most gorgeous aggregation of its kind in the entire world the show will exhibit here presenting each and every one of the features as honestly advertised. It will be the only show of any importance exhibiting here this season bringing the latest and most up-to-date animals acts of America and Europe.

There are 350 animals with the Al G. Barnes Circus, each of which is a performer. Among them are a herd of elephants, camels, royal Bengal tigers, pumas, bears, leopards, jaguars, hyenas, zebras, monkeys of every known species, dogs and ponies. With

this show may be seen more animals than ever collected before at one time and offered for exhibition either in this country or abroad.

More than half a hundred heart-stilling acts are presented at each and every performance in steel arenas under the direction of the world's most celebrated animal trainers.

Without a doubt the most dangerous, death defying, thrilling and prodigious act ever offered to the public may be seen with the Al G. Barnes Circus. It is the act of "Ricardo" and his man-eating forest-bred African lions.

A few of the many other favorite acts to be seen will be that of Maj. Robert Thornton and his troupe of bears, Capt. Stonewall and his sea lions, Prof. Emery and his herd of Siamese elephants, Miss Ethel Bonde and her educated Arabian stallions which perform in unison with a lion, bear, dog and a monkey; Capt. Engle

hart and Prince Congo, an orang outang who does anything but talk. Each and every performance will be under the personal supervision of Mr. Barnes who is best known in every village and hamlet of any size in the United States and Canada as "the animal master or America's greatest showman." This is the one show that's different. With it there are no immoral exhibitions of any kind. No thieves or crooks are allowed to travel on any one of the 28 railroad cars needed to transport the show.

A gorgeous glittering street parade headed by three military bands will leave the show grounds at 10:30 o'clock on the day of the exhibition. Performances will be given at 2 and 8 p. m. The doors are opened one hour preceding the performance.

AMUSEMENTS

"A Butterfly on the Wheel"

Mr. Stanley J. Warrington, who will appear in a leading role in "A Butterfly on the Wheel," which comes to the Grand Opera House Saturday, December 7, was selected in London by Mr. Lewis Waller for his special fitness to the requirements of the part. His education and professional life up to the beginning of his stage career had been such as to fit him particularly for the role he was called to portray in the now famous English divorce trial of Admaston vs. Admaston in the third act of "A Butterfly on the Wheel." The role is that of leading counsel for the husband of Peggy Admaston—a combination of courtesy, shrewdness and remorseless probing—and contributes much to the success of this scene. The fine English courtesy, neat wit and repartee that passes between the prosecuting attorney and the innocent wife-witness, during his weaving of the mercenary web that finally crushes the butterfly, has been widely commented upon by American jurists. Mr. Warrington was educated and graduated in the English law schools as a barrister—

practiced law in London and appeared in a number of famous English divorce trials. Later following in the footsteps of his ancestors, he adopted the stage as a profession and the actor-manager, Mr. Lewis Waller, made sure of Mrs. Warrington's services for this important role, before he signed contracts to make the American production of "A Butterfly on the Wheel."

"The Chocolate Soldier"

With a libretto abounding in the eternal comedy of human nature and full of dramatic freshness and a score heavily freighted with music of sterling worth studded with melodies at one minute intoxicating in their tenderness, the next shifting to follow the satiric humor of the moment, "The Chocolate Soldier" will invade this city on Monday, December 9, at the Grand Opera House to capture its thousands of music lovers.

This peerless opera, the blend of the essence of Bernard Shaw's inextinguishable wit as revealed in "Arms and the Man," and the flower of Oscar Straus' operatic genius, has done more to regenerate light opera on the American stage, than all of its contemporaries combined. One does not have to hunt for the plot, nor turn from any tediousness of dialogue, for all the sparkling action and the vivacious repartee for which Shaw is justly famous has been retained in the libretto. Every minute has its laugh, and where two or three are gathered together there is sure to follow some captivating song. Never before has a single opera contained so many hits; the audience that is accustomed to one or two in an evening, is astonished to find that each of the "Chocolate Soldier" melodies rivals the other in beauty. "My Hero," "The Letter Song," "The Tale of a Coat," and "The Chocolate Soldier" are only a few of its treasures.

SANTA ANA IS IN THE LEAD

Meeting of Managers Saturday
May Put it up to Long
Beach to Play Game

Local Boys Anxious for Match
With Long Beach to Decide
Championship

(By VERNE SMITH)
As a result of the intercollegiate league football games played last Thursday Santa Ana, Long Beach and Pasadena high schools, according to published reports, are placed in a three-cornered tie. This, however, is not the case. After investigation it has been found that under the league rules Pasadena is out of it altogether on account of being tied by Whittier at the beginning of the season, leaving the championship between Santa Ana and Long Beach. By adding up the scores of the different games played by Santa Ana and Long Beach the former has scored 55 more winning points against their opponents than Long Beach, thus giving them a higher percentage.

In order to settle the claim for the pennant in a just way Manager "Shorty" Smith of the Red and White warriors has challenged Long Beach to play at any time and at any place named by them.

Long Beach coach says his team is tired of football this year and does not want to play another game. He also says that Long Beach is not forced to play again and the chances are no game will be played.

If this is so and Long Beach does not take the challenge, Santa Ana will claim the interscholastic football championship for this season.

It is rumored that a committee meeting of the managers of the different teams in the league will be called next Saturday to decide whether or not Santa Ana will play Long Beach again. If this rumor is correct the deciding game will be practically guaranteed as the other teams are strongly in favor of Santa Ana getting justice.

Inter-Class Game
Yesterday afternoon an exciting football game between the Juniors and Freshies resulted in a glorious victory for the Freshies by the score of 6 to 0. Ervine, the Freshman full-back, started in his violent line attacks and yard gaining runs. In the Junior team, Ertly, halfback, seemed to play the whole game and if he had had any assistance from his team the Juniors would easily have scored several touchdowns. Both teams, however, did justice to their classes and played fair games.

A Good Apple Tree
W. S. Lee has today presented to the Chamber of Commerce some apples from a tree on his place at 709 F street. The tree growing there is 6 or 7 years old. In all the years of its bearing it has never produced a wormy apple nor has any of its fruits had seeds. The tree has never been sprayed or any insecticide used.

OLD-TIME REMEDY DARKENS THE HAIR

Gives Color, Lustre to Faded
and Gray Hair—Dandruff
Quickly Removed

For generations Sage and Sulphur have been used for hair and scalp troubles. Almost everyone knows the value of such a combination for keeping the hair a good even color, for curing dandruff, itching scalp and falling hair, and for promoting the growth of the hair. Years ago the only way to get a Hair Tonic of this kind was to make it in the home, which was troublesome and not always satisfactory. Nowadays, almost any up-to-date druggist can supply his patrons with a ready-to-use product, skillfully prepared in perfectly equipped laboratories.

An ideal preparation of this sort is Wyeth's Sage and Sulphur Hair Remedy, in which Sage and Sulphur are combined with other valuable remedies for scalp troubles and thin, weak hair that is losing its color or coming out. After using this remedy for a few days, you will notice the color gradually coming back, your scalp will feel better, the dandruff will soon be gone, and in less than a month's time there will be a wonderful difference in your hair.

Don't neglect your hair if it is full of dandruff, losing its color or coming out. Get a fifty-cent bottle of Wyeth's Sage and Sulphur from your druggist, and see what a few day's treatment will do for you. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented. Rowley Drug Company.—Advertisement

DR. SUN YAT SEN TO VISIT AMERICA

Will be Accompanied by Cabin
net Members; Comes on Mat-
ters of Great Moment

LOS ANGELES, Dec. 4.—Dr. Sun Yat Sen, leader of the revolution which freed China from the dominion of the Manchus and father of the constructive movement which resulted in the substitution of a representative republican form of government for the rule of a monarch, is to visit Los Angeles within the next two months. This greatest of all living Chinese, accompanied by not less than four of the foremost statesmen of New China, will go direct from Los Angeles to Washington and New York to hold important conferences with officials of the United States government and prominent financiers of the nation on matters which are being held secret, but which, because of the personnel of the party from China, must be of the greatest moment.

According to the Pekin Telegraph, a newspaper published at the Chinese capital, Dr. Sun will be accompanied by at least three members of the cabinet, one of whom will be the secretary of state, and the governor of Shanghai.

AVOCADO TREE IS TO YIELD \$2,500

Ganther Tree Most Valuable
Tree in America; 50-Acre
Grove to be Planted

WHITTIER, Dec. 4.—Ground is now being prepared for planting a fifty-acre avocado grove on the low foothills in the northwest part of this city on a portion of the former Praeger tract, recently subdivided. A. R. Rideout, Whittier nurseryman and originator of the Ganther Avocado, who considers it the most valuable tree in America today, is planting out this big grove from stock propagated from the Ganther tree.

The Ganther tree, now owned by H. A. Woodworth, will produce better than \$2500 net income this year from buds and fruit, and in a single season has leaped into national prominence as the wonder tree of America, the first section of five acres having been planted last week. It will be the largest avocado grove in the world.

The high foothill slopes along the Whittier frostless belt have proven their worth for this peculiar and comparatively little known semi-tropical fruit. There seems no probability, say experts, that the market will ever be overstocked, as the fruit is a splendid substitute for butter, and its marketing possibilities are little short of marvelous. A full bearing tree will easily produce a thousand dollars worth of fruit each year, and twenty-five trees can be planted to the acre. The avocado, incorrectly called the alligator pear, is properly the Mexican avocado, and increasing attention has been given to its propagation and culture in Los Angeles and Orange counties for the past few years. Nurseries of thirty thousand trees are not uncommon now in this vicinity at the present time, and many large plantings are in prospect.

CANADA IS GOOD MARKET FOR LIMAS

Beans Being Sent North by
Ventura Growers; Giltedged
for Cold Climate

SAN DIEGO, Dec. 4.—Sixty tons of lima beans have arrived in port on the gasoline schooner San Diego. The San Diego has a contract for bringing 200 tons of beans north, and this is the first shipment that could be secured under the contract.

The beans will go north to Toronto, Canada, in bond, under the auspices of the Lima Bean Growers' Association, with headquarters at Ventura. There is a good market for these beans at fair prices in Canada, where, on account of the extreme cold in winter, they take the place of potatoes, and even meat for winter consumption. During several months of winter, potatoes freeze, notwithstanding the utmost precautions, and the tubers are sweet in taste and not very palatable when thawed out. The beans are not affected by the frost, any more than if they were so many bone buttons in storage, and they are in consequence much in demand for winter consumption.

PAPE'S DIAPEPSIN ENDS INDIGESTION

Time It! No Sour, Gassy Stomach or Dyspepsia in Five Minutes

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs. Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain unfailing action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble have made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eruptions of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.—Advertisement.

CALIFORNIA MAY BECOME FAMOUS FOR ITS APPLES

LOS ANGELES, Dec. 4.—California, which has earned a world wide reputation as the home of citrus fruits, is destined also to become famous for its apples, according to experts, who claim that the California apple will show the world that the big Pippins that have always been associated with the eastern states, and latterly with Oregon and Washington, can be grown with success in certain portions of California and with a flavor equally as good as those grown back East.

The California Apple Land Company of Los Angeles has some 2000 acres, all of which it is proposed to devote to raising apples. Their lands are at Victorville, about 100 miles from Los Angeles. A number of acres are already bearing, and the fruit is declared to be as fine as that grown in any other section of the country.

CONSTANCY.

Not because a man is rich or powerful is he better. Riches may come from luck. Constancy is from virtue. I hold that woman base who weds a rich man rather than a poor one and takes a husband for her own gain. Whoever marries with such a motive—why, she will follow his prosperity rather than the man and be willing to sell herself to a richer suitor.—Abelard.

BE NOT DISCOURAGED

The defeat of the proposed new city charter in Los Angeles will, naturally, be used by the opponents of our city charter as an argument against its adoption and a basis for predicting its defeat.

But bear in mind that the Los Angeles charter election was mixed up with an anti-freelunch (in saloons) fight and a liquor fight in the borough of San Pedro. And because it would have safeguarded the people's interests against predatory public service corporations, "big business" was against it to a man and to the last dollar that could be used with safety.

Also bear in mind that Los Angeles is rent and torn with all sorts of factional fights growing out of police scandals, labor imbroglios, recall elections, serious charges against City Prosecutor Eddie, the old district attorney contest; and, greater disturber than all these combined, Los Angeles is the storm center of state and national politics in California. It is the stronghold of Progressivism in this state, and is, therefore, the point of attack for all the reactionary forces.

The proposed new charter was a Progressive measure, and must, therefore, be defeated at all hazards. The reactionary forces, taking advantage of local conditions favoring them, and the Progressives failing to become aroused, and therefore not voting in anything like their full strength, the charter was badly defeated.

Conditions in Santa Ana are vastly different.

Moreover Santa Ana's proposed charter is not so radical as the proposed charter which met defeat in Los Angeles. In Los Angeles it was proposed to "go all the way" on the commission form of government. Here we propose to feel our way along gradually—to adopt a modified form of commission government. If the principles that may be thus tested prove sound and good, they can be further inculcated by amendment, to the charter; if any of them prove to be misfits or inefficient they can be eliminated by amendments.

The work of Santa Ana's board of freeholders is marked by caution and conservatism.

The Los Angeles charter was opposed by the Times, Herald and Examiner; it was supported by the Tribune and Express. Every possible objection, real and imaginary, was urged against the charter by its newspaper opponents, and reactionary forces in secret worked every underground political wire to encompass its defeat.

But after all, it was probably the stay-at-home vote, the vote that was not a vote, that defeated the Los Angeles charter.

WHAT AUTOGRAPHS TELL

J. P. Morgan, in giving a set of autograph letters written by the signers of the Declaration of Independence, not merely offers the public a curiosity fit to place in some museum beside the swords and muskets of Revolutionary battles. Handwriting tells its own story. These 56 letters will reveal mental habits that are as outgrown as the wigs and knee breeches worn by the men who made the autographs.

A collection of handwriting of that date is almost always characterized by a certain neat, painstaking regularity. At some time in his career, the penman has given the same kind of thought to the form of individual letters as the modern college student gives to the drop kick and the spitball.

Up to comparatively recent years, this habit of neat handwriting was general. The older people of the present generation usually retain it. While absolutely devoid of flourish, their letters show a firm muscular control, a conscientious feeling about penmanship. They are as ashamed of a scrawly letter as they would be of an unswept parlor.

Specialists in nervous diseases often used to consider handwriting as

Los Angeles Rejects the Proposed New Charter

FROM THE LOS ANGELES TRIBUNE

By totals that testify to lethargy, the people of Los Angeles, who a month ago on a full vote approved the commission form of government for the county, yesterday rejected the commission form of government for the city. The charter that was rejected was the complement of the charter that a month ago was adopted. No change has occurred in the interval. There has been no revolution in conviction. Given as full a vote on the city charter as was cast in the city on the county charter and the result yesterday would have been emphatically declaratory of progressive sentiment as was the result declared early in November.

It would have been a distinct advance in government to have gained the short ballot, enlarge the civil service and establish a bureau of efficiency. Good government would have been greatly facilitated by making the recall applicable to appointive as to elective officials. Los Angeles

ABSURDITY FLOWS
IN STARLET COLUMN

Huntington Beach News: The Star, a newspaper published at Frederic, Wisconsin, in a recent issue published the following absurd statement: "The Star has evidently been listening to lies."

"If there's one ancient fraud that ought to be exposed, it's the glory of California. The whole Pacific coast is a swindle, but California press agent dope is a crime against civilization."

"Do they ever tell you about the flies out there? Do they ever tell you about the seemingly endless rains? Do the Lox Ongalaz boomers (with real estate to sell) ever boom that city's 100 degrees at 2 o'clock in the morning? Do they ever write verses on the dust that lies a foot thick on the streets and penetrates everywhere? Do they seek to lure you with tales of thousands of men looking for one lone job?"

Now, little Starlet, listen to us. We are here on the Pacific coast and know all about it. The flies to which you so slightly refer are not numerous, and they are, besides, useful. They tickle bald Eastern pates until their titillation is nothing short of ecstasy. They alight on our Wisconsin importations—chiefly political speeches—and render them delightfully illegible with their incrustations.

The "endless rains" are not endless. True, they are wet, but even those in Wisconsin are damp. Through six months of glorious summer—months of outdoor delight with cool evenings and days whose moderate heat is tempered with cooling breezes—the male inhabitants of the California coast bask in sunshine and pretty girls, while the females robe themselves in curtailed apparel and enjoy the healthful pleasures of the sea. In winter, we go picnicking in the woods, with only an occasional rain to moisten us, and that's about all the moisture we get, for we have closed nearly all the saloons, and home life here is not marred by Wisconsin thirst quenchers.

We have never seen the thermometer at 100 degrees at 2 o'clock in the morning because we are never up that early, being at that hour fast asleep under blankets, at all seasons of the year. The thermometer never reaches that altitude here at any hour of any day in any season.

As to the dust, oh, Starlet, we oil it until it becomes a hard, serviceable roadway and the only dust visible is that on old newspaper files of some Wisconsin man who lets his home paper follow him here and there, being too busy making money and enjoying life, never reads it.

We will admit that if the editor of the Starlet ever came here looking for a job he might find many seeking it, as well qualified as he is—for liars are numerous everywhere.

FORM CLUB FEDERATION

Representatives of County Clubs Meet With Woman's Club for Organization

Upon the instigation of the Woman's Club, a meeting of the various women's clubs of Orange County was held at the home of Mrs. Annie C. Gale, 922 Spurgeon street, yesterday afternoon.

Mrs. Foran M. Pyle was elected temporary chairman of the organization and a committee composed of Mrs. Edward L. Quinn of the Newport Beach Ebell Society, Mrs. Annie C. Gale of the Woman's Club and Mrs. E. M. Nealey of the Civics Club was appointed to draft by-laws for a permanent organization of the County Federation of Women's Clubs. It is hoped that they may be able to get various women's clubs of the county together at the city hall on the second Wednesday in January for the purpose of effecting a permanent organization.

Upon the adjournment of this meeting yesterday afternoon the Woman's Club held its regular meeting. Mention was made of the Southern California District Federation of Women's Clubs to be held at Corona, January 15 and 16. Two new members, Mrs. J. B. Rowland and Mrs. Ella Slocum, were taken into the club yesterday. An interesting paper on "Japan" was read by Mrs. Dent.

The subject of the next meeting of the Woman's Club will be "The Place of the Public School in American Life." Mrs. Van Orden of Newport will speak on "The Dressing of School Children," and any other members of the club who can do so will contribute to the program.

A Surprise Party
About thirty-five members of the Young Married People's class of the First Methodist church unexpectedly dropped in upon their president and his wife, Mr. and Mrs. A. H. Theal, yesterday evening. This act on the part of the class was prompted by the fact that the Theals have just moved from the San Joaquin ranch to a home on East Santa Clara avenue.

The invaders took sugar with them and a taffy pull was the result. Games were played, several beautiful selections of music given and a general good time enjoyed by all.

P.-T. Association to Meet
The Parent-Teachers' Association of the high school will meet tomorrow afternoon in room 11 of the high school building at 3:30 o'clock. The principal topic of discussion will be as to whether or not the pupils of the high school should receive some instruction in the financial end of business. In other words, where the student in the commercial high school receives altogether a business training, but the regular course of the high school offers no training along the study of business or finance. It is proposed to talk this matter over and decide whether such instruction

CIVICS CLUB MEETING

Proposed City Charter Will Be Discussed, for and Against On Saturday Next

The Civics Club meeting to be held at the city hall on Saturday, Dec. 4, promises to be one of great interest and profit. The proposed new city charter is to be discussed in all its phases by individuals well qualified to explain and interpret its passages. Opinions both for and against the measure will be heard and a thorough discussion will follow.

The club convenes promptly at 2:30 p.m. and a cordial invitation is extended to all to attend this important meeting.

This will afford a good opportunity for those who have not thoroughly studied the charter, to have it presented clearly and intelligently, and may be of aid to many in making a decision as to whether or not to vote for the charter which will be submitted to the voters on Saturday, Dec. 28.

In a limited but practical degree can not well supplement or fit in with the ordinary curriculum.

A good program has been arranged and a social hour will follow. Every parent is invited to attend this meeting.

The discussion on the advisability of business training for students not taking the commercial course will be led by Prof. Hughes and Mrs. Webster.

Principal McMath will speak on "School Spirit vs. Home Spirit."

Food and Fancy Work Sale

The Ladies' Aid Society of the First Presbyterian church will hold a food and fancy work sale Friday, December 6, at Liebig and Johnson's furniture store, 214 East Fourth street, commencing at 1 p. m. Refreshments will be served and the ladies will endeavor to make the afternoon a pleasant as well as a profitable one. The patronage of the public generally is hoped for by the society.

Socialists' Every Thursday Meeting

The Socialists' every Thursday evening meeting at K. of P. hall will be an open forum. Subject, "Shall the City's Work be Done by Jail Labor or by Unemployed Residents of the City?"

Personals

Mr. and Mrs. Robert Northcross of Orange are the house guests of Mr. and Mrs. Daniel Marion Hammack in Avenue Fifty-five, Los Angeles.

J. T. Wool, who is connected with the Griffith Lumber Company, has gone to Michigan where he will spend from three to six months in visiting friends at different points in that state.

Mrs. George Cole returned to her home at Pomona this morning after spending a week with her mother, Mrs. Mary Heathman, of Bush street.

Dr. John Wehrly had business which took him to Los Angeles this forenoon.

A. F. Marsile and J. H. Maley left for San Francisco last Friday and on Saturday sailed on the S. S. Mongolia for Honolulu, where they will spend a month or six weeks on a pleasure trip.

Among the visitors to Los Angeles today were Mr. and Mrs. J. H. Rankin, Mrs. Walter Eden, Mrs. C. W. Sheets and Mrs. Fred Wilkes, Mrs. W. G. Gould, Mrs. E. E. Vincent and Mrs. Roy Vincent.

CALENDAR SOCIAL

Grandmother Thankful and Her Progeny Entertained Cheery Company

The November Calendar social held last night in the parlors of the First Baptist church was a grand success. Mrs. F. A. Severance represented the month and Mrs. E. J. Foster, Mrs. G. W. Minter, Mrs. S. L. Aubin and Miss Taylor the weeks. Mrs. A. C. Black, one of the days, had charge of the decorations, which were in gold and green, and were very artistic. Large wall baskets filled with golden chrysanthemums and ferns, with wreaths of smilax and vases of marigolds, while in the dining room, of which Mrs. Minter had charge, were baskets and vases of pink and white flowers with smilax.

The guests were greeted by "Grandmother Thankful" (Mrs. Foster) who, with lace kerchief and cap and gracious personnel made all feel welcome. She was assisted by her youngest daughter, "Miss Cheery" (Mrs. Severance) who was a picture of brightness in her white gown and red roses for adornment.

Grandmother Thankful was in charge of the program. In behalf of the Thanksgiving Month she extended the glad hand to her children and grandchildren who filled the room and galleries, and then called upon Miss Cheery, the month, to speak.

She gave the names of those included in the month's calendar, and then called Mrs. G. P. Hill, the year, to receive the money offering which the month had secured towards the new church building. The year accepted it with appropriate thankfulness and grace and then the program followed.

A piano solo by Percy Lusk was the first number and was rendered in his usual perfect manner. After this followed the surprise of the evening, a pantomime in four acts entitled, "The Old Bachelor." The part of the bachelor was taken by Robert J. Hamilton who, after becoming disgusted with his cheerless life and endless struggles with the rats and mice which were everywhere about his bachelor's quarters, finally decided to go to London to get himself a wife.

The second act was in the home in London, Clark Baker impersonating the part of the father of a splendid family of eight beautiful daughters and anxious to get them married off in order to cut down his family expenses. The part of the mother was taken by Miss Lulu Minter who looked the part of a very attractive mother, but who was very unwilling to part with any of her daughters. Upon the bachelor calling and explaining his errand the mother very reluctantly brings her daughters in one at a time, always being sure to bring the ones for whom the bachelor would not care. The tall daughter was represented by Miss Mame Havens, the short one by Edith Watkins, the fat one by Lillian Walker, the studious one by Lucy Hill, the bread and jammy girl by Florence Rice, the twins by Norma and Elsie Wingood, and the one which just suited the bachelor by Alberta Black.

The third act was the wedding scene in which Mr. A. R. Marshall took the part of the preacher. The last act was the parting with the family and where the wheelbarrow breaks down.

Every one was well pleased with this pantomime. The next numbers on the evening's program were a solo by Mr. W. A. Benjamin, a rendition of the old classic, "Johnny Smoker," by Mr. and Mrs. Mit Phillips, a solo by Mr. Thos. Govan, all of which were enthusiastically applauded and recalled.

A social time and refreshments closed the evening of genuine happy entertainment.

TAFT SENDS 200 NAMES TO SENATE

Democrats Plan to Block Confirmation of Nominations by the President

WASHINGTON, Dec. 4.—President Taft sent more than 200 recess appointments to the senate yesterday and immediately indications of a movement among some of the Democratic senators to prevent their confirmation became evident. Senator Gore, it was said, would have the active support of several of his colleagues in heading the movement.

The campaign is directed especially against nominations which it is claimed have been postponed from time to time, thus bringing the new terms close to the beginning of the Democratic administration.

COLDS GO OVER NIGHT

If your head is stuffed up and you have a hard cold you can quickly get rid of the misery.

First, look after the bowels; any good cathartic will do; then breathe Booth's HYOMEI which promptly kills germ life and heals the membrane.

Breathe HYOMEI (pronounce it High-mei) in the daytime through the little hard rubber inhaler, and just before going to bed at night do this. Pour a scant teaspoonful of HYOMEI into a kitchen bowl of boiling water, cover the head and bowl with a towel and breathe for several minutes the soothing, healing vapor that arises. This treatment is also fine for sore throat and catarrh. Complete HYOMEI outfit including inhaler, \$1.00; extra bottles if needed, 50 cents. GOT \$125,000 FOR WALNUTS

Anaheim Growers' Association Has Closed Its House for the Season

ANAHEIM, Dec. 4.—The Anaheim Walnut Association shipped out its last carload of nuts on Tuesday, after a very successful campaign. The output of the association was thirty-four cars, or around 400 tons, and brought to its members returns for the season amounting to around \$125,000. Probably half of the crop of Anaheim grown walnuts were disposed of through independent channels, which would make a total of \$250,000 received by local growers for their crops.

The Anaheim Association found exceptionally good demand for its walnuts, marketing them in carload lots throughout the South, East and Middle West. The nuts were carefully graded and culled, and word from the various distributing centers to which they were sent has been one of universal praise for the excellence of the Anaheim product. All of which means that there will be an eager market for the local walnut for succeeding crops.

The purposes for which said bonds were voted were and are for the purpose of raising money for building or purchasing one or more high school buildings, for insuring high school buildings, for supplying high school buildings with furniture or necessary apparatus and for improving the grounds.

The bonds will be sold for cash only and at not less than par and accrued interest.

A certified or cashier's check, payable to the order of the chairman of the Board of Supervisors in the sum of three per cent of the amount of the bonds, and the portion thereof bid for, must accompany each bid. Said Board reserves the right to reject any and all bids.

The total value of real property within the Fullerton Union High School District in said County for the year 1912 is \$9,022,155.00, and the outstanding bonded indebtedness is \$150,000.00.

By order of the Board of Supervisors of Orange County, California, made November 18, 1912.

W. B. WILLIAMS, County Clerk and ex-officio Clerk of the Board of Supervisors.

NOTICE OF SALE OF REAL ESTATE

In the Superior Court of the State of California in and for the County of Santa Clara.

In the Matter of the Estate and Guardianship of George D. Difani and Frank Andrew Difani, minors.

Notice is hereby given that in pursuance of an order of the Superior Court of the State of California in and for the County of Santa Clara, made on the fifteenth day of November, 1912, in the matter of the estate and guardianship of George D. Difani, Alvinerice Difani and Frank Andrew Difani, minors, the undersigned, guardian of the person and estate of each of the aforesaid minors, will sell at public auction to the highest bidder for cash lawful money of the United States of America, on Saturday, the 21st day of December, 1912, at eleven o'clock a. m. of said day, in front of the courthouse of the County of Orange, State of California, in the City of Santa Ana, and subject to confirmation by said Superior Court, the undivided 2-45 interest of said George D. Difani, the undivided 2-45 interest of Alvinerice Difani, and the undivided 2-45 interest of said Frank Andrew Difani, and to that certain parcel of land, situate, lying and being in the County of Santa Ana, State of California, and particularly described as follows, to-wit:

Lot Number Ten (10) in block "B" of the Rose Addition of Santa Ana, as shown on a map of record in the office of the County Recorder of the County of Los Angeles, State of California, in Book 3 of Miscellaneous Records at pages 534 and 535.

Terms and conditions of sale: Cash in lawful money of the United States of America, ten per cent of the purchase money to be paid on day of sale, balance on confirmation of sale by said Superior Court. Deed at expense of purchaser.

Dated, November 25, 1912.

Guardian of the person and estate of George D. Difani, Alvinerice Difani, and Frank Andrew Difani, Minors, CHARLES & SCHNEIDER AND CLYDE C. SHOEMAKER, Attorneys for Petitioner.

LOS ANGELES PRODUCE MARKET

There was a general decline in egg prices yesterday. Local ranch were quoted down 2 cents, Minnesota and Dakota eastern 4 cents to 34 cents a dozen, Kansas, Nebraska, etc., eastern, 1 cent to 35, and storage eggs 1 cent. The easy market in the East and a slight falling off in San Francisco were in a large degree responsible for this decline. Ranch eggs have gone down 6 cents within a week, but the weakness in prices on local stock was reflected for the first time yesterday by a decline in eastern fresh eggs. Prices promise to remain pretty steady for the present, although the rate on ranch eggs may become a little easier during the next two weeks or so, if conditions are favorable. However, as high as 42 cents was asked yesterday for case count stock. It is quite generally believed that there will not be a strong action in prices, even if conditions are unfavorable. Reported receipts of eggs were seventy-seven cases.

New York butter was 2 cents higher than the local market and in Chicago the price was half a cent higher. Eggs in butter was quoted at 35. The markets here and in San Francisco, while not so high as in many sections of the East, were quite firm. The tendency is slightly upward here, but it is hardly believed that there will be an advance. Receipts were 36,695 pounds.

BOARD OF SUPERVISORS

PIXLEY NAMED COMMISSIONER

Orange Man Put on Highway Board to Succeed W. H. Burnham, Resigned

Good Roads Bonds Issue Sale is Set for January 8 at 11 O'Clock

D. C. Pixley of Orange is now a member of the County Highway Commission. Yesterday afternoon the Board of Supervisors accepted the resignation of W. H. Burnham of Orange, and immediately upon the motion of Supervisor Struck D. C. Pixley was appointed to fill the vacancy. Burnham resigned because he is going to move from the county.

Pixley is one of the most substantial men of the county, and a man in whom everyone who knows him has the utmost confidence. He is conservative but at the same time enterprising. Pixley was a member of the Board of Supervisors when the courthouse was constructed.

This morning there was filed a petition, signed by 459 residents of the north end of the county, asking that the supervisors appoint B. F. Porter of Fullerton to take Burnham's place. This petition came too late for consideration, as the appointment was made yesterday afternoon.

Sale Date Fixed
By resolution, the supervisors have set January 8, 1913, at 11 o'clock as the time for opening bids for the purchase of the \$1,270,000 good roads bonds that have been voted in this county. The resolution stipulates that each bidder must accompany his bid with a certified check for three per cent of the amount of the bid.

Up to District Attorney
Assessor Sleeper asked the supervisors to reach a decision as to whether or not any old soldier or old soldier's widow who failed to make affidavit of tax exemption previous to this time can now come in, make affidavit and secure a rebate of taxes. Sleeper said the law exempts the property and sets no time at which the affidavits must be in, and he believed the exemption should be given at any time requested. The matter was referred to the district attorney.

No Changes Made
G. E. Pillsbury, chief engineer of the P. E., held a conference with the board today in regard to the proposed franchise for the P. E. on North Main street for 300 feet north of the city limits. County Surveyor McBride thought the P. E. should designate now whether the road will be single or double track. No change was made in the franchise, which allows the P. E. to use either a single or a double track.

Allow Motor Cop
The sheriff was allowed to employ a motorcycle officer for two months at \$110 per month, the officer to furnish a machine.

COURT LANDS REALTY DEAL

Question of \$650 Claimed by Agent is up to Litigation in This County

The Superior Court of this county is to determine whether or not A. Raymer is to get \$650 because Susan A. Hobbs of Garden Grove sold twenty acres of ground to Sophia W. Schroeder. The realty deal got into the courts through a suit brought in Los Angeles by Raymer against Mrs. Hobbs. Mrs. Hobbs secured a change of venue to this county, in which she lives, and today County Clerk Williams received the case for filing.

Raymer's complaint states that he undertook to sell the Hobbs twenty acres for \$12,350 net to Mrs. Hobbs. He asserts that he suggested to G. W. Schroeder and his wife, Sophia W. Schroeder, that the Hobbs ranch could be bought for \$13,000. He says he got an option on the place for

\$12,350, but that in spite of that option Mrs. Hobbs and her husband, D. E., took up negotiations with the Schroeders direct, and consummated the sale, so that Raymer did not make anything out of it.

In her affidavit asking for a change of venue, Mrs. Hobbs declares that Raymer's option expired on June 15, 1912, and that it was not until after that date that the sale was made. Moreover, Mrs. Hobbs alleges that the sale to Mrs. Schroeder had its beginning, development and consummation without any assistance or suggestion from Raymer.

Z. B. Stuart of Los Angeles is attorney for the plaintiff and J. W. Morin of Pasadena for the defendant.

Neither a Winner
Judge West heard a contested divorce case yesterday that resulted in a draw. J. W. Hoffman, the plaintiff, asked for a divorce from Carrie Hoffman. The wife asked for separate maintenance. Neither got what was asked. The divorce was denied, and the plea for a monthly allowance met the same fate.

Hoffman and his wife formerly lived on West Fifth street. Hoffman, who has since moved out of the county, was represented by Attorney Clyde Bishop. Mrs. Hoffman was represented by Attorney Swinfield of Long Beach. Hoffman testified that his wife attacked him and scratched his face. He said she hid a revolver from him for nearly a week. The judge was not satisfied with the sufficiency of the evidence on either side.

To Detention Home
This morning Judge West sent the four children of Mr. and Mrs. Charles E. Dyer of Anaheim to the Detention Home. Mrs. Dyer stated that her husband was drinking and unable to earn money enough to support the children. They came to this county from Canada a few weeks ago.

Taking Evidence
Judge West today is hearing evidence in the suit of O. B. Conaway against Twoed, an action brought in a dispute over a right-of-way for a road. Tipton & Cailor represent the plaintiff and Williams & Rutan the defendant.

IN THE JUSTICE COURT

ROLL HELD TO UPPER COURT

Clothing and Suit Case Taken From His Room Identified by Mrs. Wagner

R. J. Marston Sentenced to Jail for Six Months for Stealing Clothing

Charles Roll, captured the night John D. Coleman, burglar, was killed, was today ordered held to answer in the Superior Court on a charge of receiving stolen goods from Coleman. The case against him was presented in the lower court by Deputy District Attorney Koepsel, who, in a concise and direct manner produced conclusive evidence against Roll, who as yet has never been shown to have had any direct part in any of the burglaries in which Coleman was concerned in this county. Roll was about to testify, but when told by the justice that whatever he said could be used against him he decided to say nothing.

The first witness was Mrs. William Wagner of Orange, who identified a suit case, a revolver, a suit of clothes and a bathrobe, found in Roll's room, as articles stolen from her home on Batavia street, Orange. She said that before leaving home the day of the daylight burglary she saw a young man, answering Coleman's description, hurrying past her place after coming from the direction of Mrs. Wilson's home, which was entered about that time. She said she was satisfied that a picture shown her by Koepsel was Coleman's picture.

City Marshal Jernigan testified he found the articles in Roll's room. Jernigan and Under-Sheriff Squires stated that Roll told them he received the articles from Coleman. Roll said they were stolen by Coleman "in the Orange job."

Roll's bond was fixed at \$1500. It is understood that he will plead guilty in the superior court.

Sentenced to Jail
R. J. Marston, a dark complexioned youth, was sentenced to jail for six months, after he was found guilty of stealing a coat, a pair of pants and an overcoat from Stafy Manno, a waiter at the Palace Restaurant. Manno told the story of Marston's arrest. Marston went into the restaurant, and Manno recognized a necktie and coat worn by Marston as articles stolen from Manno's room.

Two shirts and collars were identified by C. M. Gilbert, who roomed at the Allerton, where Marston also roomed, as articles stolen from him. Marston testified that he bought the coat, pants and overcoat from an unknown man for \$1.50, and found the two shirts and collars near the P. E. freight depot.

August Franke, employed at the gas works, that he saw Marston, who also worked there, wearing some of the articles since identified as stolen articles. City Marshal Jernigan and Officer Dayenport were witnesses against Marston.

Charge Misdemeanor
C. H. Simpson, John Merritt and John Manly are in jail on a charge of stealing a ride from the Santa Fe. They were riding in a box-car, and were locked in, and tried to cut their way out.
